

## Reveal POS Retail Installation Instructions

1. Download software installation from the POS download site:

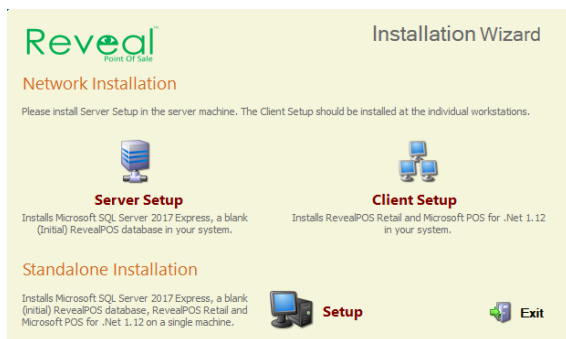

[https://diademtechnologies.com/reveal\\_pos\\_special-download.htm](https://diademtechnologies.com/reveal_pos_special-download.htm) (Or copy and paste it to your web browser)

2. Extract File (Open Archive) & Open Folder

3. Open File name "Retail Setup"

4. Choose "Stand Alone Installation" (Install sequence will begin)

SQL Server will install.

Next: Reveal POS Wizard Will Appear. (Start Installation)

Next: POS.Net will prompt for Installation.

Click "Install"

5. Enter Registration (\*If code is not yet received you can start in "Demo Mode")
6. Proceed with installation
7. Install should be complete

*\*Demo Mode will allow you to Enter Products, Customers & Vendors without restriction. Company information requires a registration code. Registration Code will be issued upon merchant account setup. For addition installation assistance email [techsupport@revealpointofsale.com](mailto:techsupport@revealpointofsale.com)*
